program

Camelot  
follow up drill program

Jan. 2026

June 2026

July 2026

Aug. 2026

Sept. 2026

Oct. 2026

Nov. 2026

- Five 100%\*\* owned projects in BC; four in/near "Golden Horseshoe"
- Castle (Toodoggone), Excalibur (North of Smithers) and Camelot (Cariboo) are drill ready
- Over \$2M spent in 2025 to develop high priority drill targets
- Equity Exploration Consultants Ltd., BC porphyry specialists, provide all exploration services on a two year exclusive contract
- Multiple near-term catalysts, with two planned drill programs in 2026
- An investment in an environment of surging copper, gold and silver prices

### Investment Thesis:

With a market cap of <CDN\$10M, a treasury of \$2.25M, three high priority drill targets and plans to drill a minimum of two projects in 2026, Prospect Ridge provides an opportunity to participate in the discovery of a significant copper-gold porphyry on multiple targets that are close to existing/past producing mines in BC - a politically safe jurisdiction with a history of hosting world-class Cu-Au porphyry mines.
